(ii) If admissions of extremely low income families to the RHA's Section 8 voucher program exceeds the 75 percent minimum basic targeting requirement for the voucher program (see 24 CFR 982.201(b)(2)), such excess shall be credited (subject to the limitations) against the PHA's basic targeting requirement for the same fiscal year.

Public Housing (LIPH) may admit applicants up to 80% of Median Income, this provision applies to GP & CRT as §221 235, but does not apply to Cole Manor units which were built after October 1, 1981, in which case the 50% of Median Income applies.

This is to say that **Section 8 applicants must be at or below 50% of Median Income, i.e. the very-low income limit.**
